To whom it may concern:

Re: Natural Rubber Latex Content Statement for Texwipe's Products

We hereby certify to the best of Texwipe's knowledge through research of our raw materials and processes used to manufacture Texwipe's products that all products, including swabs, wipers (sterile and nonsterile, dry and pre-wetted), stationery, mops and buckets, etc., except for those listed below, are free from latex contamination. The only products that may have latex contamination are tape products starting with the code letters TPR and TVR.

Please note:

- Texwipe has not analyzed these products for the presence of latex, and it is not expected to be present, and
- Texwipe does not intentionally add or use latex in our products or our manufacturing processes.

Texwipe is committed to producing the highest possible quality products to meet the needs of customers.

Kind regards,
